

SOJOURNER SOLAR

EVERYONE OWNS THE SUN

AFFORDABLE FINANCING FOR ELIGIBLE HOMEOWNERS

Sojourner provides financing through its partners in the form of a low-interest loan to each eligible owner-occupied household to finance the purchase and installation of a solar panel system.

The Sojourner loan is a 20-year fully amortized loan with a 1.49% interest rate which means you will have monthly payments as long as you have a balance.

20 YEAR
LOAN

NPHS designed the Sojourner Solar Panel Purchasing and Financing program to:

"help homeowners afford and enjoy the benefits of solar power."

The program helps eligible homeowners purchase a solar system and reap all the economic benefits of owning a solar panel system, including any available

"federal and state income tax credits and incentives."

SOJOURNER SOLAR PROGRAM HIGHLIGHTS

Funds available on a first-come, first-serve basis upon loan approval from NPHS.

It's yours now! Homeowner will OWN panels, not lease.

Help conserve energy, lessen your carbon footprint, and lower monthly energy bills.
